## FAQ

### **What can I write in the comment section?**

Your comments have to pertain solely to information necessary for students to make an informed decision on professor selection. If QUREview finds any comments that we deem as unacceptable we will delete not only the comment but your entire evaluation. Therefore if you wish for your evaluation to stand for a professor, use the comment box wisely.

### **Why is my professor listing incorrect?**

This is because of two possibilities. First the professor may teach a subject but be entered in a different department. For example "Athletic Training" professors are in the "Physical Therapy" department. Otherwise Quinnipiac has not yet added that professor to their faculty directory, therefore we haven't either. All you need to do is [contact us](#).

### **My entry is gone**

The most common reason is that the comment was inappropriate.

### **Are evaluations anonymous?**

Yes!

### **Bring the review to another school?**

We are able to create a duplicate of this website customized for other schools. [Contact us](#) for more information.
